b) trade associations, economic bodies and organisations whose institutional role is to promote the sector and to carry out study, information and dissemination activities in the specific field.

With regard to letter a), it is specified that:

i. It is possible to exhibit and market only and exclusively new products, machinery and equipment, i.e. not previously used for commercial purposes by other owners/managers/venues. It is also specified that the display of exclusively original spare parts and components, i.e. products manufactured and marketed by the manufacturer of the machinery itself, is permitted.
ii. Representatives are obliged to indicate in the dedicated section in the Reserved Area the list of Companies they represent and whose products and/or trademarks they intend to exhibit. In the case of represented companies, the physical presence of the represented company's personnel is expressly excluded. Should the Organizer find such personnel physically present, the company indicated in the list as represented will be considered for all purposes a hosted company, with the consequent payment of the amount set out in Attachment 1 – Base Exhibition Rates. The Organizer reserves the right, at any time, to request the representation mandates or documentation proving such a relationship.
iii. The Participant holding the exhibition space is responsible for ensuring that the products and services exhibited in their own name, and on behalf of any Co-exhibitors and Represented Companies, comply with the Exhibition trade sectors list. Companies may request,

by 27 August 2027, to host up to a maximum of two companies within their own stand. The space occupied by the hosted companies, regardless of their number, must not exceed 50% of the total stand surface area. This request is possible for companies with stands of 32 sq.m. or more, and must be declared through the application form – Co-exhibitors form, subject to the necessary authorization of the Organizer, which may be granted at its sole discretion. For requests received after that date, or for companies that apply after that date, the Organizer's authorization is in any case required, subject to the maximum limit of two hosted companies. It shall be the exclusive right of the Organizer to authorize the presence of more than two hosted companies. Should a violation of point iii. be found, the Organizer will apply to the stand holder a penalty equal to 30% of the total amount stated in the countersigned participation proposal.

iv. Italian Exhibition Group Spa imposes a strict and absolute ban on manufacturers, renters and distributors of urban hygiene vehicles (sweepers, sewer-cleaning vehicles, compactors, compaction vehicles, satellite vehicles, etc.) from exhibiting any type of fitted-out vehicle in Halls A7 and C7 and the related hall, regardless of the body builder and the make. Only the bare chassis may be exhibited.

In the event of the Organizer ascertaining any infringement of the obligations in points ii) and iii), the Organizer reserves the right to start the appropriate legal proceedings to seek compensation for the damages suffered.

Should the ban referred to in point iv. not be complied with, Italian Exhibition Group Spa will, during the set-up phase, at the Participant's expense and care, have the vehicle removed and claim compensation for the damages suffered.

Any and all responsibility consequent to this, in relation to co-exhibiting and represented companies, is to be understood as totally borne by the host company and/or the body promoting the group.

Art. 4 – EXHIBITION PROMOTION

The Organizer undertakes to promote the Exhibition and visitor turnout using the promotional and advertising channels it finds most appropriate, with the timing, frequency and methods it believes will give the Exhibition the best possible visibility.

CHAPTER II
APPLICATION AND PARTICIPATION PROCEDURES

Art. 1 - PARTICIPATION PROCEDURE

1. APPLICATION

Companies that intend to participate in the Exhibition (hereinafter: "contracting parties") can apply by following these steps:

a) sending the Application Form (available on the Exhibition website) in pdf format via e-mail to expo@iegexpo.it, correctly completed and duly signed in every part, with the company stamp and the signature of the Legal Representative, as well as these General Rules and Regulations of the Exhibition.

b) Payment of the deposit + VAT. Only with the payment of this deposit, paid within the terms indicated in the application form, will you have the right to access the benefits indicated in the exhibition space request form of the application form.

Such deposit, if paid, without prejudice to the provisions of paragraph 5, art. 1, CHAP. III, shall be refunded in the event of:

i. non-acceptance of the application form by the Organizer;
ii. revocation by the contracting party, communicated in writing to the Organizer;
iii. failure by the contracting party to sign the participation proposal.

The Organizer reserves the right to place incomplete application forms on a waiting list.
Applications will be examined for as long as exhibition space is available.
Any special or additional requests or notes entered independently by the contracting party in the "Notes" field do not constitute an obligation for the Organizer, who reserves the right to assess them and possibly accept them, notifying the contracting party in writing.
With the indication of a different billing name on the invoices/fiscal documents, the contracting party declares to Italian Exhibition Group Spa that it will assess the participation proposal that will be sent to it in the interest of the person in whose name the invoice/fiscal document is issued, from whom it has obtained a specific mandate.
In the event of any dispute raised by the person in whose name the invoice/fiscal document is issued, the contracting party undertakes to settle any outstanding matters directly and personally with Italian Exhibition Group Spa.

2. PARTICIPATION PROPOSAL

Acceptance of the application form will be communicated to the contracting party by means of a specific document called "participation proposal" ("proposta di partecipazione"), together with an indication of the allocated space.
Once signed and returned to the Organizer by e-mail to expo@iegexpo.it by the date indicated therein, the participation proposal constitutes an official participation contract.
It must be noted that, when sending the participation proposal, it is compulsory to also pay the deposit at the same time, unless already paid within the terms indicated in the application form. In this case, the deposit does not give any right to the benefits indicated in the exhibition space request form of the application form.
With the indication of a different billing name on the invoices/fiscal documents, the participant declares to Italian Exhibition Group Spa that it participates in the Exhibition in the interest of the person in whose name the invoice/fiscal document is issued, from whom it has obtained a specific mandate.
In the event of any dispute raised by the person in whose name the invoice/fiscal document is issued, the participant undertakes to settle any outstanding matters directly and personally with Italian Exhibition Group Spa.

3. RULES FOR CONTRACTING PARTIES RECEIVING SPACE IN LIEU OF PAYMENT (BARTER AGREEMENTS)

The following steps are mandatory for participants in barter agreements:

a) send via e-mail to expo@iegexpo.it the participation proposal received from the Organizer, correctly completed and duly signed in every part, with the company stamp and the signature of the Legal Representative, as well as these General Rules and Regulations of the Exhibition;

b) issue an invoice in lieu of payment (barter) within the terms and for the amounts set out in the barter contract, made out to Italian Exhibition Group Spa.

The Organizer reserves the right not to enter into barter agreements where there are outstanding administrative matters.

4. FULL DIGITAL PARTICIPATION

Participation in the Exhibition in full digital form, pursuant to article 10, paragraph 3 of Chapter III, will be contracted through a separate participation proposal.

Art. 2 - BASE RATES

Exhibition areas are kept in conditions of visibility and accessibility.
Exhibition areas of 20 sq.m. or less are sold already fitted out; therefore all companies requesting an exhibition space of 20 sq.m. or less must take the pre-fitted stand package (shell scheme) provided by the Organizer, as indicated in the application form.
Surcharges on area costs are applied in some sections of the halls. The occupation of spaces other than the designated exhibition areas (aisles, overhead connections, corridors, entrances, mezzanine areas above the stands) is possible subject to prior authorization from the Operations Management.
Advertising signage on stands positioned at a height of over 3 metres from floor level is subject to payment of a fee for greater visibility (see E-commerce section in the Reserved Area).
Each participating company must pay a Registration Fee and a fee for the Standard digital platform package (compulsory). This fee entitles the participating company to be listed on the Exhibition's digital platform.
Participants who, subject to the Organizer's authorization, host other companies on their stand are required to pay the Hospitality Fee and the fee for the Standard digital platform package (compulsory) for each of the companies hosted.
The request to host other companies within one's own stand is subject to quantity and time restrictions; see Attachment 1 of these Regulations
The hospitality fee, the registration fee and the fee for the Standard digital platform package will also be invoiced to any Participant who, without the Organizer's prior authorization, hosts on its stand companies not declared through the Application Form – Co-exhibitors form.
Main cost items, such as registration fees, rates for shell scheme or bare areas, any surcharges and other mandatory costs are listed in "Attachment 1 – Base Rates"; such Attachment constitutes an integral part of these Regulations.
Special benefits, additional exhibition formats and services with the relevant costs are declared in the application form "Exhibition Rates Form" and "Advertising Rates Form"
All rates are exclusive of VAT.

Art. 3 - TERMS AND METHOD OF PAYMENT

1. PAYMENT OF EXHIBIT AREA

Payment of the deposit and the subsequent balance for the amount indicated in the countersigned participation proposal must be made by:

bank transfer (for the account holder and bank details, see point 1 of Attachment 2 – Payment Terms and Methods, Deadlines, Withdrawal), indicating as the reason for payment "DEPOSIT (or balance) and name of the exhibition" and the name of the participating company and its VAT number.
Upon receipt of the deposit, an invoice will be issued for the amount paid.
The deposit, if not already paid within the terms indicated in the application form (where applicable), must be paid at the same time as the countersigned participation proposal is sent.
The terms and methods of payment of the balance are indicated in Attachment 2.
Failure to pay the balance results in the provisions set out in Chapter III Art. 1, clause 4.

2. PAYMENT OF TECHNICAL SERVICES

Payment for the technical services already included in the participation proposal must be made under the same terms and methods as set out for the exhibition area in clause 1 of this article.
Payment for additional services requested after the countersigned participation proposal has been sent, and for any expense that the Organizer may incur on behalf of Participants, must be made no later than the last day of the Exhibition by bank transfer (for bank details see Attachment 2 of these Regulations), or at the cash desk in the Expo Centre.
It must be noted that the staff entrusted by Italian Exhibition Group Spa with the delivery of invoices relating to services to stands is in no way authorized to request or receive cash payments from Participants.
In the case of any outstanding sums for services already requested by Represented and/or Hosted Companies on other Participants' stands, where the represented and/or hosted company has not paid directly, the Participant holding the stand is liable to the Organizer and must make payment under the same terms and methods as above.

Art. 4 - EXHIBITION SPACE – ALLOCATION AND AMENDMENT PROCEDURES

1. EXHIBITION LAYOUT

The exhibition spaces are established within the Expo Centre at the discretion and at the sole judgement of the Organizer.
For Exhibition layout requirements, the Organizer has the right, at its sole discretion, to modify/reduce the standard width of the aisles, without compromising their safety and passability and without the Participant being able to raise any objection regarding the matter.

2. STAND ALLOCATION

Exhibition space allocation is decided by the Organizer, taking into consideration the overall interests of the Exhibition, the priority of the date of receipt of the "application form" and, wherever possible, preferences expressed by the contracting party, based on layout availability.
It should also be noted that the floorplan attached to the participation proposal is to be considered provisional, since the areas and stands surrounding the allocated space are subject to change.

3. MODIFICATION, REDUCTION, REPLACEMENT OF SPACE - ORGANIZER

Even in the case of acceptance of the countersigned proposal, the Organizer nevertheless reserves the right to move, vary or modify the allocated area, in the interest and for the success of the Exhibition.
It is specified that the number of open stand sides may be modified if required by the layout needs of the Exhibition.
The Organizer reserves the right, to be exercised at its sole discretion at any time and therefore even during the Exhibition, should the Exhibition plan be modified, or in any other case, to modify or reduce any space already allocated or to replace it with another, even in a different area.
In the event of any of these cases occurring, the participant will only have the right to the possible refund of a sum corresponding to the difference between what has already been paid as a participation fee and the actual cost of the space allocated.

4. TRANSFER, MODIFICATION, REDUCTION, REPLACEMENT OF SPACE – PARTICIPANT

a) The Participant may not sublet or transfer, even free of charge, the allocated space or any part of it without the prior authorization of the Organizer.
b) Any Participant who, after having countersigned the participation proposal, requests a reduction or modification of the allocated space must promptly inform the Organizer in writing, stating the reasons.
In this case, the Organizer reserves the right not to accept the request or to accept it and:

i. Reduce the area, maintaining the allocated position and considering the excess portion freely marketable; or
ii. Allocate a new space compatible with the exhibition layout, considering the space previously contracted freely marketable.

In the above cases, the sum to be paid will be recalculated according to the new area or the new position allocated.

Art. 5 – EXHIBITION SPACE - GENERAL TERMS AND CONDITIONS OF SUPPLY

1. BARE AREA

Should the Participant have entered into a participation contract providing for the assignment of a bare area (i.e. without fittings), the Participant shall be granted access to the area on the first day of the official set-up of the event, while the area must be returned on the last day of the official dismantling, unless otherwise agreed between the Parties.

2. FITTED AREA

If the subject of the contract is the assignment by Italian Exhibition Group Spa of a fully fitted area, whether standard or built to the specifications provided by the Participant, the Participant shall be granted access to the fitted area only after the end of the official set-up period. The return of the fully fitted area must take place before the start of the dismantling.
The Official Exhibition Schedule can be consulted in the Reserved Area.
From the moment of taking delivery of the fitted space, the Participant is responsible for its correct use, meaning by this term its normal state of use, until the moment of return, and undertakes to cover any and all costs deriving and/or resulting from improper and/or incorrect use of the rented materials, until they are completely replaced should they not be returned.
Any damage to furniture or panels will be charged to the Participant.
Unless otherwise specified in writing by the Participant, the name declared in the "Catalogue" section of the Reserved Area will be printed on the fascia board.

Art. 6 – ACCESS TO THE RESERVED AREA AND ITS USE

The Organizer provides Participants with a digital Exhibitor Reserved Area allowing them to access the Exhibition documentation, use the digital services and, in general, find all the essential information needed to manage their exhibition presence.
Access to the Reserved Area is mandatory in order to review the technical regulations and the Official Exhibition Schedule.
Participants must complete the required steps in the Area, such as (without limitation): uploading the stand design, mandatory certifications, and registering the staff present during the set-up and dismantling phases.
The Participant is required to:

a) maintain the access credentials received with the utmost diligence and confidentiality, and not permit their use by unauthorized third parties;
b) request the immediate deactivation of the credentials in the event of loss or theft, or if it is believed that they have been improperly accessed by third parties;

c) use the portal correctly, also in relation to appointments or commitments made with other Users and, in any case, not use the portal, nor allow third parties to use it, for illegal purposes or in violation of the law. In the event of use of the portal for illegal purposes or in violation of the law, Italian Exhibition Group Spa reserves the right to take legal action, including for compensation for any damage suffered.

The use of the portal is under the full responsibility of the Participant, who therefore indemnifies and holds Italian Exhibition Group Spa harmless from any liability for any damages suffered for any reason by the Participant itself, other Users and/or third parties.

Art. 7 - OFFICIAL LIST OF PARTICIPANTS IN THE EXHIBITION AND DIGITAL GUIDE MAP

Without therewith assuming any sort of commitment or responsibility, the Organizer arranges the publication of an official list of Participants in the Exhibition through the Exhibition's official website.

There may be different formats (digital, app, paper, etc…): the methods and formats will be adequately communicated to participants in the months preceding the Exhibition. Participants will be able to communicate their data through the sub-directory "Catalogue" in the Exhibitor Reserved Area, for which, once participation has been confirmed, they will receive appropriate communication.

The section will be accessible to the participant after signing the participation proposal and will remain editable until the Exhibition.

Some sections may be subject to payment: in this case, the amounts will be clearly indicated in the section's heading.

The data communicated by the Participant will also be used to place the companies on the exhibition floor plan.

In the event of data in the sub-directory in the Exhibitor Reserved Area not being updated within the terms indicated in Attachment 2 "Payment Terms and Methods, Deadlines, Withdrawal", the Organizer will publish the data already in its possession, including the names of any represented companies entered by the Participant on forms relating to previous editions, and will automatically charge the amount due (see Attachment 1 of these Regulations) and that of the sections subject to payment in which the data were registered.

In this case, the Participant accepts all costs and responsibility for any damages, also regarding any companies no longer represented in the current edition, completely exonerating Italian Exhibition Group Spa from any responsibility.

The Participant accepts responsibility for the data entered in the "catalogue" sub-directory, exonerating Italian Exhibition Group Spa from any liability for false declarations or declarations damaging others' image, reputation and/or personal, exclusive rights and/or rights of privacy.

The participant also declares to exonerate Italian Exhibition Group Spa from any and all responsibility deriving from any errors or omissions.

The official list of Participants is the organizers' only official publication. Any other advertising publication, other than the Organizer's official publications, is the initiative of private individuals, who lack any authorization.

Art. 8 – PURCHASE OF ADVERTISING TOOLS

Advertising tools are managed by the Organizer, who has the faculty of realizing at its discretion any advertising solution it considers appropriate in the entire exhibition area.

Sponsorship of events and contests held during the Exhibition is reserved for participating companies with their own stand.

Should the purchased advertising solutions require the submission of graphic material by the participant, the Participant is responsible for:

a) sending the Organizer the graphic advertising files relating to the visibility purchased, at least 30 working days before the start of the Exhibition. In the event of the material not arriving or arriving late (with respect to the 30-day deadline), printing may be delayed. Such delay shall under no circumstances be attributed to the Organizer and shall remain the sole responsibility of the Participant. The Organizer shall not be able in any way to guarantee visibility by the start of the Exhibition. Because such situation has been caused by the Participant, the Participant shall not be entitled to lodge any claim against the Organizer on any grounds, reason or cause whatsoever, not even for compensation for damages and/or discounts.

b) The deadline for the delivery of digital advertising material such as web banners, advertising spaces in newsletters, DEMs, advertising on social media, is at least 15 working days prior to the date of publication/dispatch agreed with the Organizer; in the event of this deadline not being respected, the Organizer shall carry out the publication/dispatch according to availability, including after the event.

c) The advertising graphic files must be created according to the following technical specifications: Print files created in Adobe Illustrator, Adobe InDesign, Adobe PhotoShop or high-resolution PDF formats suitable for printing. Image files must be sent as attachments; image resolution real size at 100 dpi, or 1:3 of the final print size at 300 dpi. Images must be in four-colour (CMYK); texts converted to paths.

d) The client must report any irregularities in the advertising material purchased and produced by the Organizer, once ascertained and documented by the client, via certified e-mail (PEC) to the addresses ieg@pec.it and advertising@iegexpo.it within 24 hours of discovering the irregularity.

Any claim, even if well-founded, will only entitle to the replacement of the materials or to the repair of any technical defects.

The Organizer is not responsible for errors of any kind contained in the graphic files sent by the Participant, nor is it obliged to reprint and/or correct the graphic files sent by the Participant.

In the event of graphic files that do not comply with what is described in letters b) and c), the Organizer may decide not to proceed with the advertising production/publication, without any charge, compensation or responsibility being attributed to it.

The advertising materials produced by the Organizer will be destroyed at the end of the Exhibition, without any charge, compensation or liability being attributed to it. Any Participating company wishing to keep the advertising materials must make a written request to this effect by the last day of the Exhibition. The Participant will receive the requested material by courier and shall bear the shipping costs.

CHAPTER III

Such cases will result in the contract being terminated ipso iure, constituting a serious breach pursuant to art. 1456 of the Italian Civil Code.

a) Not accept the application form;
b) Not subsequently accept the countersigned participation proposal;
c) Not give effect to barter arrangements;
d) Not allow the stand to be set up either by the participating company or by any stand fitters appointed by it.

In the cases under clause 4. and clause 5. of this article no compensation of any kind will be due to the company and the Organizer will have the right to retain any sum already paid for participation in the Exhibition as partial or complete compensation for the outstanding amounts.
In all clauses 1. 2. 3. 4. 5. listed above, the Organizer will in any case provide adequate written notice.

Art. 2 – WITHDRAWAL FROM PARTICIPATION

1. WITHDRAWAL

Participants who, after having countersigned the participation proposal, do not intend to take part in the Exhibition (including participation in the full digital format), must give notice of withdrawal to the Organizer, always in writing and stating the reasons.
Withdrawal entails the payment of specific penalties (without prejudice to further damages) as indicated in Attachment 2 "Payment Terms and Methods, Deadlines, Withdrawal" of these Regulations, and specifically:

a) If the written withdrawal reaches the Organizer no later than the end of the first withdrawal period, the penalty will be equal to an amount corresponding to the registration fee;
b) If the written withdrawal reaches the Organizer no later than the end of the second withdrawal period, the penalty will be equal to an amount corresponding to the deposit as quantified in the participation proposal countersigned for acceptance.

The amount of the penalties determined as above in letters a) and b) will be deducted from the deposit paid, specifying that in the event of that being insufficient or the deposit not having been paid, the difference or the entire amount due must be paid at the time of receiving the relevant invoice.
In the event that the participant has paid amounts exceeding the penalties indicated in letters a) and b), the Organizer will refund any excess.

c) If the withdrawal reaches the Organizer no later than the end of the third withdrawal period, the penalty will be equal to an amount

corresponding to the entire participation fee as quantified in the participation proposal countersigned for acceptance.

The sums indicated as penalties in letter c) above must be paid in full at the time of receiving the relevant invoice.

2. NO PARTICIPATION

Participants who have not occupied their area or begun set-up by 12.00 noon on the day before the opening will be considered defaulting to all effects and, without prejudice to further damages, will be required to pay as a penalty, where they have not already done so, a sum equal to the entire participation fee; in this case, the Organizer will also have the right to use the said area, including by assigning it to other interested parties.

3. BARTER WITHDRAWAL

In the event of withdrawal, the conditions agreed in the relevant contract will apply to participants in barter agreements.

Art. 3 - RESCHEDULING OF THE EXHIBITION (COURSE, DURATION AND TIMES)

The Organizer has the right, at its sole discretion, to reschedule the reference edition of the Exhibition, bringing forward or postponing its dates (including the set-up and dismantling phases) to another period of the year, giving written notice to the participant.

In this case, the countersigned participation proposal will in any case remain fully valid and effective for the new dates of the relevant edition, and nothing will be due for any reason, not even by way of compensation and/or reimbursement of expenses, from Italian Exhibition Group Spa.

The participant will therefore receive the technical instructions relating to the new dates.

The Organizer also has the right to change the duration and the opening and closing times of the Exhibition, without anything being due for any reason, not even by way of compensation and/or reimbursement of expenses, from Italian Exhibition Group Spa. With reference to the timetable, it is specified that the participant can access the exhibition perimeter before the official opening time and must leave the premises at the scheduled closing time, following the times indicated in the Official Exhibition Schedule available in the Reserved Area, except with the prior authorization of the Organizer to extend the stay.

Art. 4 - CANCELLATION - SUSPENSION OF THE EXHIBITION

1. CANCELLATION

If the Exhibition, for any reason, even independent of force majeure, cannot take place, the application form will lose all effect and the countersigned participation proposal will be deemed automatically terminated; in this case, the Organizer will refund the Participant any amounts already paid, without prejudice to the provisions of clause 3 of this article.

2. SUSPENSION

a) If, on the other hand, the Exhibition is suspended after the opening date and the suspension occurs due to force majeure, no refund is due to the Participant;
b) In any other case, the Organizer will reimburse the Participant an amount commensurate with the lack of use.

3. ALTERNATIVE PROPOSALS TO CANCELLATION

If, for reasons of force majeure, the event could not take place, totally or partially in person, Italian Exhibition Group will make every effort to propose alternative solutions to physical participation, including the methods of carrying out the event through a virtual platform

In the case of a full digital Exhibition, the participant will be free to join or not, subject to written notification by the Organizer of the format change and the opportunities relating to the full digital Exhibition.

In none of the preceding cases in clauses 1, 2 and 3 of this article is Italian Exhibition Group Spa required to pay the participant compensation, penalties or indemnities of any kind.

CHAPTER IV
PROVISIONS DURING THE EXHIBITION

Art. 1 - CONFERENCES, CONTESTS, MEETINGS WITH SELECTED BUYERS

1. EVENTS

Conferences, contests, meetings with selected buyers and events may be held during the Exhibition.

2. BUSINESS MEETINGS

The participation fee includes access to the Exhibition's digital matchmaking platform, where applicable for the Exhibition and provided it is open to the Participant. This tool enables the Participant to create its own corporate profile, review the directory of profiled buyers, and schedule the agenda of business-to-business (B2B) meetings to be held during the days of the Exhibition. It is expressly understood that the Organizer shall not be held liable for the outcome, duration, or minimum number of such meetings.

Italian Exhibition Group S.p.A. shall not be held in any way responsible in the event that one or more of the scheduled business meetings do not take place, or in the event that negotiations between buyer and Participant do not lead to the desired results; any and all relations between the latter shall be managed exclusively by the two parties involved, exonerating Italian Exhibition Group S.p.A. from all and any responsibility.

Art. 2 – PROMOTIONAL ACTIVITIES DURING THE EXHIBITION

While Participants enjoy complete freedom of advertising on their stands, any form of publicity that causes disturbance, violates the provisions of Article 7 of this chapter, involves direct comparison with other Participants, or which in any way harms the spirit of trade hospitality of the Exhibition is excluded.

More specifically, the participating company is forbidden to:

a) any form of advertising and leafleting in the indoor and outdoor areas of the Expo Centre outside its own stand;
b) display signs and/or samples, even if merely indicative, on behalf of companies not listed in the application form, in the Reserved Area "Catalogue" section, and not represented;
c) any show or entertainment initiative, of any type, nature and characteristics, even if limited to within the stand or aimed at presenting products, without prior authorization from the Organizer;
d) publish on all official advertising material of the Organizer any logos or trademarks other than those previously and necessarily agreed with the Organizer.

Without prejudice to the above, any form of propaganda and advertising outside the allocated exhibition area will only be allowed if previously authorized by the Organizer and will be subject to payment of the fees indicated in the published price lists.

The following remain entirely and exclusively the responsibility of the participating company:

i. any civil, administrative and criminal liability and burden deriving from the content of the advertising messages;
ii. any civil, administrative and criminal liability and burden possibly deriving from the advertising action carried out;
iii. any and all liability towards other Participants and/or third parties in general deriving from the content of the advertising messages or from the infringement of any rules, including those regarding competition.

Failure to comply with the aforementioned prohibitions under letters a) b) c) and d) will result in the Participant being required to pay, as a penalty, a sum equal to Euro 2,500 (two thousand five hundred) for each conduct in breach of the aforementioned provisions and ascertained by the Organizer, without prejudice to the Organizer's right to make any further claim for compensation for the greater damage suffered.

Art. 3 – ACTIVITIES OPEN TO THE PUBLIC

Should a Participant wish to hold an event / training / demonstration / practical test / equipment and materials test, etc. within its own areas and/or on stages and/or in the designated areas, whether of a promotional, public-engagement, commercial or demonstrative nature, it assumes all responsibility for damage to persons and/or property, including any damage to its own staff, participating public and third parties in general (including the Organizer's employees), deriving from the activity carried out or from defects in the machinery/equipment/materials made available, with total exemption of any and all liability on the part of the Organizer.

To this end, the Participant expressly exonerates the Organizer from any and all compensation requests submitted by anyone for such activities (event / training / demonstration / practical test / material test, etc.). The Participant will be responsible for the design and staging, at its own care and expense, of the event / training / demonstration / practical test / testing of equipment/materials, etc., including the assessment of the specific risks relating to the event itself. It is forbidden to hold events on payment, except with the written approval of the Organizer.

Art. 4 - RETAILING

Spot sales (sales with "immediate delivery") and the provision of paid services are strictly prohibited. The Participant accepts any and all responsibility for infringements of this prohibition, including towards the authorities that ascertain the violation, releasing Italian Exhibition Group S.p.A. from any burden and/or liability. Any disputes concerning relations with the other operators present and arising from the above violation must also be settled directly between the Participants themselves, releasing Italian Exhibition Group S.p.A. from any burden and/or liability in this regard.

It is also understood that any disputes that may arise between operators (unfair competition, sale of similar products, etc.) must be settled directly between the operators themselves, and Italian Exhibition Group S.p.A. will be completely exonerated.

Art. 5 - ALCOHOLIC BEVERAGES, BEVERAGES, FOOD, DIETARY PRODUCTS AND SUPPLEMENTS DISTRIBUTION

The quantities of alcoholic beverages, beverages, food and/or dietary products and/or supplements served or delivered as gifts or free samples are to be considered exclusively for tasting purposes, and must therefore be moderate and suitable for on-site consumption. They must also compulsorily comply with Italian and European regulations, particularly regarding safety, personal health and their placing on the market.

Italian Exhibition Group assumes no responsibility whatsoever in the event that, following checks carried out by the competent Authorities, infringements of the aforementioned regulations are ascertained; any and every charge, consequence and sanction will be totally borne by the Participant, who will also be bound to honour all the contractual obligations regarding participation.

The Participant therefore personally assumes any and every burden and liability, including towards third parties in general, in the event of false statements, as well as any damages deriving from the tasting/offer of products that do not meet legal requirements, totally exonerating Italian Exhibition Group S.p.A. in this regard.

Furthermore, glasses, bottles and/or other glass objects may not be taken out of the stand: these items must be placed in areas accessible only to the participating company's staff.

Each participating company is therefore required to ensure that visitors and its own staff comply with the aforementioned safety rules, assuming any liability for failure to do so.

Art. 6 - REGULATION OF NOISE EMISSIONS DURING THE EXHIBITION

As a rule, Participants are not allowed to use audio reproduction equipment to play music and sound. Any exceptions must be authorized by the Organizer, and do not exempt the participant from complying, at its own care and expense, with current laws regarding copyright, for which it assumes all responsibility.

All participating companies that have submitted to the Organizer a regular request/forms for the use of sound diffusion equipment must operate, also as regards the use of sound diffusion instruments such as microphones, speakers, etc., at a noise level that ensures an environment suitable for the full conduct of business activities and in any case lower than that provided for by the regulations in force (Legislative Decree 81/2008, Title VIII, Chapter II). In any case, the Organizer imposes a maximum permitted limit of 80 dB.

It is specified that the amplification system for sound diffusion must be separate from the system for the operation of lights and other machinery; furthermore, the loudspeakers must be directed towards the inside of the stand and not towards the outside.

The Organizer may order any Participant (by written or verbal notification made by its staff) to reduce noise to levels even lower than those indicated above if, at the sole and exclusive discretion of the Organizer itself, the sound level produced by various apparatus or machinery of the Participant concerned proves harmful and/or in any case annoying to the activity carried out by other operators in the vicinity. The sound levels will be checked by means of a sound level meter on the perimeter edge of the stand by staff authorized by the Organizer.

In the event of non-compliance with the above provisions, including failure to comply with any order to reduce the noise level to levels even lower than those indicated in the second paragraph, the following sanctions apply to defaulting Participants:

a) for the first infringement, a verbal warning;
b) for the second infringement, a written warning;
c) from the third infringement onwards, the Organizer reserves the right to interrupt the electricity supply, without
d) the exhibiting company having any right to refunds or compensation of any kind. The interruption of the electricity supply will take place with 15 minutes' notice and may last up to a maximum of 3 hours, at the Organizer's sole discretion.

The Organizer also reserves the right to take the most appropriate legal action, in order to be awarded compensation for the damages suffered, as this is a case of serious default.

Italian Exhibition Group is not liable for any damage, of any nature and kind, deriving to the participating company and/or to the exhibited material from the application of the sanctions provided for in the event of non-compliance with the provisions of this article.

Without prejudice to the above provisions, Italian Exhibition Group cannot be held responsible in any way if any different unlawful conduct by a Participant causes damage to other operators. Any such disputes must be resolved directly between the Participants themselves, with Italian Exhibition Group S.p.A. released from any burden and/or responsibility.

Art. 7 - PROTECTION OF PERSONAL DIGNITY, RESPECT AND DECORUM OF THE EXHIBITION

Participants, as well as any parties appointed or authorized by them, including suppliers, are required to design exhibits, services, promotional activities, performances, communications and initiatives in compliance with the principles of personal dignity, cultural pluralism and the common sense of decorum.

It is strictly prohibited to create or promote, within the exhibition areas or in connection with the Exhibition, any displays, representations, services, activities or communications that may be offensive, discriminatory, disparaging or insulting towards:

- religions, beliefs or religious symbols;
- gender identity, sexual orientation or personal conditions;
- ethnic groups, nationalities, cultures or racial backgrounds;
- social categories or persons with disabilities;
- any other element protected by the principles of respect, inclusion and non-discrimination.

Furthermore, any activities or representations that, due to their methods, symbolism or content, may prejudice the image of the Exhibition, cause public disturbance or compromise the safety and serenity of the event are prohibited.

The Organizer reserves the sole and final right to assess the compliance of exhibits and activities with these principles and, where necessary, to demand immediate modifications, suspend activities or order the removal of non-compliant elements, without this giving rise to any right to compensation or reimbursement of any kind.

Any violation of this article may result, in addition to the measures set forth in the preceding paragraph, in the termination of the contract pursuant to Art. 1456 of the Italian Civil Code, as well as compensation for all damages, including reputational damage, suffered by the Organizer.
